- Attended the DevFest hackathon in Kampala.

SKILLS

Technical Skills

- Programming: JavaScript, HTML/CSS , C, GO, Java, Python, C++, Bash
- Software: Microsoft Office Suite, graphic design tools (e.g., Canva)
- Operating Systems: Linux (Ubuntu), Windows
- Tools: Docker, Maven
- Cybersecurity: Basic knowledge of cybersecurity and ethical hacking
- Digital Marketing: Branding, social media management, content creation, campaign strategy, Video and photo editing
- Graphic Design: Visual identity, marketing materials, design principles

Soft Skills

- Leadership & team coordination
- Communication (verbal and written)

- Problem-solving and critical thinking
- Time management and organisation
- Adaptability and continuous learning

PROJECTS

CHICKEN CITY *[Year]*

[Brief technology or context]

- It is a multi-vendor platform connecting poultry farmers to buyers , chicken feed and machinery sellers to farmers and customers, vet and other farm technicians to farmers(employment) and i built the entire project. I was the only contributer on it
- Technologies used: Go (Gin), javascript, html and Css

DRUG-STOCK-PREDICTOR

github.com/Profy256/Drug-stock-predictor

- A full-stack web application for hospital pharmacies featuring role-based access control, an AI analytics dashboard, predictive stockout alerts, and automated WhatsApp expiry notifications.
- Technologies used: JavaScript

KP-WHATSAPP

github.com/Profy256/KP-WHATSAPP

- A multi-tenant WhatsApp automation platform. Businesses connect their WhatsApp Business number via QR code and AI handles their customer conversations 24/7.
- Technologies used: TypeScript

PROFY-DEV

github.com/Profy256/Profy-dev

- A browser-based AI-powered IDE inspired by lovable.dev. You provide a prompt and get a working prototype instantly.
- Technologies used: TypeScript

PROFYCODE

github.com/Profy256/profycode

- An engineering constitution and skill set that makes AI coding agents ship production-grade code, without being reminded every time.
- Technologies used: Shell

LANGUAGES

- English — Fluent
- Luganda--Fluent
